

## Mission Statement

Our mission is to deliver excellence in bowling & social activities to our members, their guests & the local community by providing the very best facilities within a quality environment

To operate in a friendly, professional, positive and dedicated manner, thereby creating an atmosphere of harmony, transparency and belonging.

To promote our club to a level that substantially increases our membership yet maintains the personal service that our members expect and deserve.

We will achieve this by: -

- having respect and appreciation of office bearers, committees, volunteer workers and our fellow club members;
- commitment to our training and game preparation in a manner befitting our club and our team-mates, and by being humble in victory and gracious in defeat;
- providing a harmonious social environment at our club for members, their families, visitors and guests;
- involving our club in the community by making our facilities available to schools, indigenous groups, the disabled, businesses and other organizations /institutions, and;
- by practical financial management and sound forward planning
